Exchange Server Roles	Microsoft Exchange Hub Transport Server.	
Microsoft .Net Framework	Microsoft .Net Framework 2.0. Note: For the Sent Items Update feature, you will require Microsoft .Net Framework 3.5 and above.	

### Downloading

Please refer to the following link on the Exclaimer website:

<http://www.exclaimer.com/downloads/mail-disclaimers/default.aspx>

### Installing

Download the 'Mail Disclaimers 1.0' installation file 'setup.exe' and run on the Microsoft Exchange Hub Transport Server. An MSI is available from support by contacting

[support@exclaimer.com](mailto:support@exclaimer.com).

### Uninstalling

Uninstall can be achieved via the 'setup.exe' or MSI for the currently installed version of 'Mail Disclaimers 1.0' or via 'Add/Remove Programs' in Windows Server 2003 or 'Programs and Features' in Windows Server 2008.

The configuration files are located in the following folder and will not be removed as part of the uninstall process:

Operating System	Minimum Requirements
Windows Server 2003 R2 x64	\\Documents and Settings\\All Users\\Application Data\\Exclaimer Ltd\\Mail Disclaimers
Windows Server 2008 x64 Windows Server 2008 R2 x64 Windows Small Business Server 2008 Windows Small Business Server 2011	\\ProgramData\\Exclaimer Ltd\\Mail Disclaimers

The uninstall process will not lose any of your configuration or settings. However as a backup precaution you may wish to export your configuration.

## Export Steps

1. Open the Exclaimer Console.
2. Select the 'Exclaimer' node.
3. Open the 'Action' menu.
4. Select 'Export Configuration...'
5. Select a location and filename for the export.
6. Press Save.

This will export all your settings including all your templates and licensing data.

## Upgrading

Upgrading can be achieved by following the steps above to uninstall the current version and then install the new version. You may optionally stop the Microsoft Exchange Transport service once Exclaimer Mail Disclaimers has been uninstalled to prevent message delivery without having a disclaimer being applied. The installation of a new version of Exclaimer Mail Disclaimers will start the Microsoft Exchange Transport service.

## Fixed Issues

- Character sets on plain text messages are not changed to the character set specified in the Disclaimer Options.

## New Features

- 'Do not change' disclaimer option for HTML and Text character sets  
This option will retain the character set that was used by the sender of the message.
- 'Message Sender' option  
When processing messages for policy evaluation and {field} content, the sender can be identified from a message's FROM or SENDER header field. FROM is the default option. When using SENDER, messages sent on behalf will have the sender's details in the message, not the details of the user it is sent on behalf of.
- 'Template Sequential Number'  
A new {field} has been added. This is a counter that increments each time a specific template has been applied to a message.
